

FOR LUXURY TRAVELLERS

For exclusive travellers VIP treatment can be organised in a luxury tour – a tour in a class of its own that will meet every wish and need. VIP guests can be chauffeured to the Meissen Theme World in a limousine and have the making of White Gold presented to them in the most captivating fashion.

We invite our guests to meet the Manufactory staff, designers and historians; they have the chance to feel the fine porcelain paste, to register the smell of turpentine in our paint shops, and to be flabbergasted as ingenuity and peerless perfection combined create masterpieces before their very eyes.

As well as exploring exciting locations on this special day, our customised luxury tours also include culinary experiences. Our chef prepares Saxon delicacies which match our guests' personal tastes and which reinterpret traditional recipes. In order to guarantee maximum privacy, we will select a beautifully decorated location within the Meissen Theme World.

FOR LUXURY TRAVELLERS

There are several ways for VIP travellers to finish off the Meissen luxury tour. It is possible, for example, to retrace royal steps through Albrechtsburg Castle in Meissen or Moritzburg Castle. Exclusive guests could furthermore stop off to take in spectacular views at a nearby vineyard and sample superb Saxon wines.

More information about the marvellous moments that can be shared in Meissen is available through direct contact via email.
